Dear Mrs. Johnson:

Following our telephone conversation, I am enclosing two, rather underexposed photos of LAURA ELLEN. I regret I do not have anything better to send.

We enjoyed her for five seasons, first on Long Island

sound, then on the Bay.

I am glad to hear that she is in the good hands of people who appreciate her.

As you know, her first name was BLAD TIDINGS, built at Pierce and Kelburn yard in Fairhaven, Mass. in 1937. She is a custom-built boat and should have many good years of sailing ahead. Her class was Bluenose, Jr., by Mr. William Roué, of which four yachts

were built as schooners. One,  
I believe was rigged as a  
ketch.

I raced her in the fall  
Off Soundings Club races in  
1959. Using only working  
coveas (no genoa, spinnaker or  
fisherman staysail or maintopsail,  
she came in fourth in a  
series of two races, out of  
class B-2, comprising 26 boats.

As most of the work was  
to windward in light to  
moderate air, you can imagine  
I was most pleased with her  
performance.

Unfortunately, the Cruising  
Club rule is not kind to  
schooners, so I never had her  
rated nor did I race her on  
the Bay.

Best wishes for good sailing

Sincerely yours,  
J. P. Alford.
